GRANITE

TRIED AND TESTED IN THE EXTREME...

Granite Neoprenes are so called because they have been designed to be rugged and outlast other cheaper alternatives. Features include genuine CR Neoprene with maximum stretch and flexibility for ultimate movement and minimum seam stress. With a suppleness previously only found in top-of-the-range models, you only have to pick them up to feel the difference.

Available in the following sizes

6 - 12 in Spiked, Combi and Cleated soles, plus cleated thigh waders (6 - 12) and stocking-foot (S, M, L, XL, XXL). Also Ladies/Juniors 3, 4 & 5 in the Combi boot foot chest wader option only.
